SAFETY INSTRUCTIONS

- The fixture is for LED.
- Before installation, make sure that the power supply is off.
- Follow the steps of the images for the installation or replacement of the bulb.
- After finishing every step, tighten the crews, have the fixture fixed, then connect the power supply.
- It is recommended that these products are installed by a qualified electrician.

DO NOT TOUCH OR CLEAN THE LED ARRAY!
IN ORDER TO AVOID DAMAGING THE LED CHIP!
